

Building Fund

In November 2007, Blackhawk Church relocated to our present facility on Brader Way. This relocation was the result of seven years of prayer, planning, and two capital campaigns. The total raised through those campaigns was about \$7 million.

Campaign funds, the sale of our old facility, the sale of land parcels adjacent to our current site, and a substantial loan enabled us to build and furnish our new facility.

Many are new to Blackhawk in the last few years and stand on the shoulders of those who gave sacrificially to build a new home base for our growing ministry. We want to continue to provide others with the opportunity to participate in paying for our building.

We encourage everyone to participate by prayerfully considering a gift above and beyond regular General Fund contributions. Our hope is to pay down the principal as quickly as possible in order to release more funds for our mission in the community and the world. All "Building Fund" designated contributions accelerate debt reduction related to the initial Brader Way construction.
