Verse 1:

God of our yesterdays

God who demands our praise

God who forever reigns

You are here

You are here

Verse 2:

God of the weak and poor

God of forever more

God who has set us free

You are King

You are King

Chorus:

Emmanuel: God is with us

Let Your kingdom come through Your risen Son

Emmanuel, God will save us

From the depths of my soul I will

praise Your name

Verse 3:

God of eternity

God whose redemption bleeds

God who was made to die

You're alive

You're alive

Bridge:

I will praise your name (x4)
