

READING PLAN FOR PRESCHOOL KIDS, PART THREE

The goal of Love This Book is not that we read the whole Bible, but it's for all of us to fall in love with God through His Word. We want this for adults, students and children.

When reading the Bible with preschool and younger elementary children, we want children to know that the Bible is the truth, that it is exciting, that it teaches us about the character of God and how deeply we are loved by Him.

Here are some ways to engage children with the Bible:

- ◆ Let them handle a Bible. Let kids hold it in their hands while they read or listen.
- ◆ Have older children read to the younger ones.
- ◆ Encourage your kids to be physically close when you read the Bible reminding them that the Bible is about relationships not rules.

This preschool reading plan uses *The Jesus Storybook Bible: Every Story Whispers His Name*. This narrative is based on Scripture and is written to help children and adults understand that the Bible is a collection of true stories about God and His love, pursuit and rescue of all of His children.

Never underestimate how God can use [faithful exposure to the Word](#) in your child's life.
